OFFICE

230 North Elm Street
2000 Renaissance Plaza
Greensboro, NC 27401

Kyle Woosley has more than 30 years of experience counseling businesses and individuals on a wide range of environmental issues, including permitting, environmental liabilities and protections, allocation of environmental risk by contract, and buying and selling contaminated property.

MY PRACTICE

ENVIRONMENTAL LAW

Kyle provides counsel on a variety of federal and state environmental law issues, including Superfund, groundwater, permitting, NEPA and SEPA review, civil penalty, and underground storage tank laws. Kyle has authored a manual to aid financial institutions in identifying and managing environmental risk, and he served four years as co-editor of "Environmental News," the newsletter of the [Environment, Energy & Natural Resources Law Section of the North Carolina Bar Association](#).

TRANSACTIONAL

Kyle has extensive experience representing buyers and sellers of contaminated properties. He regularly advises individuals and businesses engaged in transactions that involve contaminated properties, including allocating

BAR & COURT ADMISSIONS

North Carolina

environmental risk in contracts, pre-purchase due diligence, ASTM standards, purchaser defenses to environmental liability, and seeking liability protection through the North Carolina brownfields program. He also advises financial institutions on risks of and options for financing the purchase of contaminated properties.

UNDERGROUND STORAGE TANKS

Kyle advises owners and operators of commercial and residential underground storage tanks on how to manage environmental risks associated with underground tanks. He also advises clients seeking reimbursement from the state trust fund for expenses associated with the cleanup of a release.
