

## Diversity & Inclusion

**Different pathways. Shared success.** Our commitment is steadfast. The process of fully realizing it is continual. We have devoted significant time and resources to creating a workplace open and inviting to people from diverse backgrounds, with diverse experiences, and with diverse identities. We have made great strides in pursuit of this goal; our team grows more diverse by the day. Just as important is inclusion—what happens as people with different experiences join the team and work here day-to-day. As our team grows ever more diverse, the Firm grows ever more appreciative of how rich a resource that diversity is. The insights that arise from a group of people from such wide-ranging experiences and identities are not only valued for their own sake, but acknowledged as a core aspect of what makes our work valuable to our clients.

We're proud to share our diversity and inclusion report, Ideals and Action. To access the report, [click here](#).

### The Voices of Brooks Pierce

#### Observations on our commitment to meeting the challenge of diversity and inclusion.

“Brooks Pierce is dedicated to creating a culture that promotes equity and is inclusive of the diversity of its members, clients and communities that it services. The Firm has taken many positive steps in this direction, while acknowledging that there is still work to be done. I have colleagues who may not look like me or come from the same place, but we strive to embrace our differences to provide excellent support to our clients and each other.”

“It is extremely important for an employee to work in an environment where their background is valued and celebrated. The diversity and inclusion discussions and meetings the Firm holds are invaluable. Brooks Pierce encourages and promotes the sharing of different viewpoints, providing a welcoming environment for everyone.”

— **Mark Eggleston-Clark**, Paralegal

“When deciding where I would practice law, a strong commitment to diversity and inclusion was a huge drawing factor for me. In my first year of practice at the Firm, I was asked to join our Diversity & Inclusion Committee. I was elated—this really demonstrated the Firm’s dedication in emphasizing a flat-structure where voices and opinions are heard and ideas are adopted. Brooks Pierce continues to strengthen their dedication to being diverse and inclusive by working with an outside consultant to incorporate suggestions and embrace the commitment to continue to be a

welcoming environment for all.”
