

## Gender Inclusion

A key component of our ongoing Diversity and Inclusion initiative, the Gender Inclusion Committee promotes understanding of gender diversity; it provides support and encouragement to underrepresented genders (female, nonbinary, transgender), and seeks to attract talented people to the Firm and make them feel welcome. Among the Committee's most important goals is creating clear pathways to leadership positions for underrepresented genders within the Firm. Beyond our internal commitment, our attorneys and staff contribute time and effort to community organizations such as the NC Bar Association's Sexual Orientation and Gender Identity Committee. (See below for other alliances and associations.) We're proud of our public visibility in support of welcoming diverse genders. We believe it makes us a stronger organization and better able to serve our clients.

### The Voices of Brooks Pierce

#### Observations on our commitment to promoting gender inclusion.

"The Gender Inclusion Committee reflects the Firm's commitment to make sure that those efforts are intentional, deliberate, and sustained. Its very existence says to gender diverse people that we care and that we are not going to leave things to chance. The Committee is populated by people at various stages in their career which provides a space for communication about issues and an opportunity for leadership development."

– **Jennifer Van Zant**, Partner

---

"Brooks Pierce's commitment to its lawyers is exemplified by its dedication to create opportunities to talk about issues that impact diverse groups, particularly through firm retreats, seminars, and book club discussions. I believe that discussing the challenges unique to diverse groups benefits all, including me, because we develop greater empathy and understanding for each other. As a young attorney, my days are full of challenges but there are also unique struggles that I often contend with as a diverse attorney that sometimes compound the difficulties. Knowing that my colleagues are familiar with such struggles and are practiced in listening and learning more helps me feel comfortable reaching out to them as I progress in my career."

– **Katie Wong**, Associate

---

"One of the things that truly sets Brooks Pierce apart from other law firms is its unwavering commitment to the success of its people. The Gender Inclusion Committee is a concrete example of how the firm strives to create a culture where everyone feels like they can be successful in their own way – emphasizing that success can mean different things to different people and that success

can be achieved in a variety of ways at Brooks Pierce."

– **Anna Tison**, Partner

---

"In all levels of the Firm, we are committed to creating an inclusive and welcoming environment. The Gender Inclusion Committee ensures that Brooks Pierce is focusing its time and resources to provide opportunities for success to underrepresented genders within the Firm and in our local communities."

– **Jim Phillips**, Management Committee Chair
