06.12.2020

Brooks Pierce partner Will Quick recently co-hosted a North Carolina Bar Association (NCBA) “Mingling with Membership” event. The online discussion was held June 10.

The event was titled “Working from Home with Kids During a Pandemic.” It provided participants the opportunity to share stories about working from home, discuss the challenges of being a full-time working parent and caregiver, and to learn how others are managing the new “normal” of working from home with kids in the house.
