

Compliance Week praises "Insider Trading Cartoon Series"

11.07.2016

Compliance Week praised Brooks Pierce partner David Smyth for his creative cartoon series that helps explain securities enforcement issues. His "Insider Trading Cartoon Series" currently offers 10 interesting lessons about the intricacies of insider trading law.

Bruce Carton with Compliance Week wrote: "Back in 2012, I noted here that Smyth had published an interesting cartoon called "Whistleblower" in which robots discussed the whistleblower provisions of the Dodd-Frank Act. Check out "Whistleblower" -- which was cutting edge stuff back in 2012 -- and then watch Smyth's latest from The Insider Trading Cartoon Series to see how far Smyth's talents (and mass-market animation tools such as the GoAnimate program Smyth now uses) have advanced in just four years."

Subscribers can view the entire "Insider Trading Cartoon Series" on YouTube.
